

It is less than four months to the competition! We are sharing with you the [RoboCup 2018 LOC Welcome Newsletter #1](#) which includes important information about schedule key dates, cargo and accommodation details, electricity, Wi-Fi Internet and currency details. *Please share this information with the teams participating from your region.*

RoboCupJunior 2018 Draft Rules:

The new draft rules for all leagues are published on [our website](#). Please review the new rules and please post your questions and/or comments on [our forum](#). **We aim at publishing the final rules by the beginning of April.** And your questions and comments help the TC to clarify the rules for the final publication. **Please also encourage the teams and mentors from your region to use [the forum](#) to post their questions and comments BEFORE the end of March.**

The rubrics, score sheets, and other useful materials will be published on the website soon. Please advise teams from your region to periodically return to our website for new information.

Visa Requirements:

You can find out if students and mentors from your region need a visa to travel to Montreal, Canada on [this site](#). The invitation letter for VISA applications will be issued by the RoboCup 2018 Local Organizer **only after participants have registered and fully paid their registration fees.** For any inquiries about Canadian visa applications, please contact the RoboCup 2018 Local Organizer via email at info@robocup2018.org.
